Summer 1 - Geography

This half term the children will be learning all about the hot and cold places of the world. They will be learning about the equator and why some places are hot and why some places are cold. The children will be able to identify seasonal and daily weather patterns in the United Kingdom and the location of hot and cold areas of the world in relation to the equator and the North and South Poles.

Drama

Role-play in English and Topic.

Art & DT

Warm and cool colours

African silhouette painting

Habitat shoeboxes

'Hot and Cold'

Kingston St Mary C of E Primary School
Year 2022

Buzzards Planning
Year A Summer Term **Year 2**

Science – living things and their

habitats. This term the children will be learning to identify that most living things live in habitats to which they are suited and describe how different habitats provide for the basic needs of different kinds of animals and plants, and how they depend on each other. They will identify and name a variety of plants and animals in their habitats, including microhabitats.
