

Home Learning Summer 1 Year 2

We would like children in all year groups to carry out English and Maths tasks daily.
We will also set some science/topic based work.

NB. All resources are on the website except those highlighted.

Phonics online resource.

The phonics resource is excellent and I think the children will enjoy it. If you put 'Youtube Ruth Miskin' into the search engine it will bring up the different options. Choose Set 3. It is available for 24 hours after the live feed so you can watch it later in the day if this works better for you.

Twinkl resources - one star is the easiest and 3 star the hardest. The stars are on the bottom of each sheet.

White Rose (the scheme we use at school) have published Home Learning. You will need to print the worksheet. If you are unable to do this then open the worksheet and you can flick onto it when the video tells you to do so. Your child could write their answers on a whiteboard. They have produced plans for the 2 weeks before the Easter Holidays. I think it is important that the children complete these first so please pay particular attention on the information below about which one to do when. Any questions, please email me.
